PROFILE SUMMARY

Data Science-focused Computer Science student with hands-on experience in machine learning, statistical modeling, and business process automation. Proficient in Python, R, and SQL, with practical exposure to predictive modeling, EDA, and data-driven workflow optimization. Proven ability to translate complex data into actionable insights for cross-functional stakeholders.

WORK EXPERIENCE

Automation Associate

Oct 2025 – Feb 2026

- Designed end-to-end data pipelines integrating SharePoint, Xero, and CRM platforms using Zapier and Power Automate, enabling consistent data flow for downstream analysis.
- Applied Python scripting and WebSocket protocols to build real-time data feeds and automate cross-system synchronization.
- Identified operational inefficiencies through data analysis and modeled scalable automation solutions to address root causes.
- Developed structured reporting outputs to surface actionable insights for HR, accounting, and sales stakeholders.
- Communicated data findings and workflow improvements through clear, narrative-driven presentations to non-technical audiences.

Human Resources Associate

Oct 2025 – Feb 2026

- Built and maintained structured recruitment databases in Excel and Monday.com, applying data management best practices to ensure integrity and traceability.
- Designed candidate tracking systems to capture pipeline metrics and enable data-driven hiring analysis.
- Performed exploratory data analysis on recruitment data to uncover trends and inform strategic sourcing decisions.

SKILLS

Languages: Python, SQL, R, C++, JavaScript, TypeScript

ML / Data Science: scikit-learn, TensorFlow, pandas, NumPy, GARCH, Monte Carlo Simulation

Visualization & BI: Looker Studio, Plotly, Excel, ggplot2

Automation & Tools: Zapier, Microsoft Power Automate, Monday.com, SharePoint, Xero, WebSocket

Databases: MySQL, SQLite, MongoDB

Analytical: Predictive Modeling, EDA, Feature Engineering, Statistical Modeling, Data Storytelling

EDUCATION

Eulogio "Amang" Rodriguez Institute of Science and Technology

Manila, Philippines

Bachelor of Science in Computer Science
